Professional Summary

Commercial Operations & Business Intelligence Data Analyst with a track record of translating inventory, sales, and supply chain data into interactive reporting solutions. Certified Power BI Analyst proficient in SQL, Python, DAX, and automated dashboard development. Proven ability to drive measurable business outcomes, including reducing multi-site ingredient costs by 70%, boosting daily table revenue by 15%, cutting out-of-stock incidents by 20%, and maintaining operational waste below 1%. Qualified with an MSc in Health Informatics (Distinction) and training from Capital City College.

Skills

- **Business Intelligence & Reporting:** Power BI (DAX, Data Modelling, Star Schema, Power Query), Tableau, Interactive Dashboards, Advanced Excel (Power Pivot, XLOOKUP, Data Validation)
- **Data Querying & ETL:** SQL (PostgreSQL, Google BigQuery – CTEs, Window Functions, Joins, Aggregations), Python (Pandas, NumPy, Matplotlib), Data Cleansing & Transformation
- **Statistical & Business Analytics:** Linear Regression, Time Series Forecasting, Demand Forecasting, Predictive Analytics, A/B Testing, Trend & Variance Analysis
- **Cloud & Developer Tools:** Azure Data Fundamentals, Azure ML, AWS ML Foundations, Version Control (Git, GitHub)
- **Domain Competencies:** Supply Chain Analytics, Inventory Optimisation, Unit Economics, Profit Margin Control, Operational Waste Reduction, Health Informatics

Professional Experience

Head Waiter & Sales Data Analyst | Mariage Freres, London, UK (Dec 2025 - Present)

- Analysed menu sales data in Excel to isolate high-margin food items, executing strategic menu pricing adjustments that increased daily table revenue by 15% (£100 daily boost).
- Analysed shift throughput data and customer traffic patterns across 70+ covers per shift, adjusting floor allocation models to optimise table turnover times.
- Coordinated operational logistics for high-profile product launch events catering to 40+ media representatives and VIP guests.
- Trained 6 junior team members on EPOS system accuracy, order processing speed, and operational performance standards.

Team Leader – Operations & Inventory Data | Loon Fung Ltd., London, UK (Sep 2025 - Dec 2025)

- Executed daily SQL queries and inventory gap analyses to model demand trends, reducing out-of-stock incidents by 20% across key store product categories.
- Supervised shift teams of over 12 staff members, allocating duties to align with predicted hourly customer volume.
- Coached team members on EPOS transaction logging speed and inventory reporting accuracy.

Deputy Store Manager – Inventory Analytics Lead | Aldi UK, London, UK (Oct 2023 - Aug 2024)

- Led a retail waste reduction project applying time series analysis and linear regression in Python, keeping daily wastage below £30 and overall pastry loss under 1%.
- Managed stock control processes across 4 cross-functional store teams to implement automated inventory forecasting models.
- Conducted safety, hazard tracking, and compliance audits across high-volume shift operations.

Drinks Team Leader – Multi-Site Stock Analyst | Honi Poke Group LTD, London, UK (Mar 2023 - Sep 2023)

- Engineered a centralised Power BI tracking system with custom DAX measures across 4 sites, delivering interactive KPI dashboards that reduced beverage costs by 70% through waste isolation.

Store Assistant – Sales & Predictive Analytics | KDL Beverages, London, UK (Dec 2022 - Mar 2023)

- Implemented daily sales forecasting models using linear regression in Excel, supporting stock preparation for a 300% single-day sales surge.
- Optimised dynamic replenishment schedules to ensure uninterrupted product availability during peak demand periods.

Radiographer - Health Informatics Specialist | Hospital Authority, Hong Kong (Aug 2018 - Sep 2022)

- Processed clinical imaging data and diagnostic records in a high-volume hospital setting, maintaining 100% data integrity and health informatics compliance.

Education & Qualifications

- **Data Analytics Programme** | Capital City College (2025)
- **MSc Health Informatics** (Distinction, GPA 3.63/4.3, Dean's Honours List) | The Hong Kong Polytechnic University (2020 – 2022)
- **BSc (Hons) Radiography** | The Hong Kong Polytechnic University (2014 – 2018)

Certifications

- **Microsoft Certified:** Power BI Analyst Associate / Azure Data Fundamentals
- **DataCamp:** Data Analyst in Tableau / Data Analyst in Power BI
- **AWS:** Machine Learning Foundations
- **Google:** Generative AI Fundamentals

Additional Information

- **Languages:** English (Full Professional), Mandarin (Full Professional), Cantonese (Native)
